

# DIAMONDS

"Age cannot wither her, nor custom  
stale her infinite variety"

was written of beauty personified, but is also a masterly statement of the quality of our Diamonds.

Our success as diamond merchants is attributed to our strict adherence to the policy of handling only the finest stones.

They always enhance in value and prove a good nest egg for a rainy day.

### ANTI-TUBERCULOSIS SOCIETY PLANS FOR MEETING

Annual Business Session and Ban-  
quet To Be Held April 24th At  
State Street Church.

The Morgan County Anti-Tuber-  
culosis society will hold its annual  
meeting and banquet Thursday even-  
ing, April 24, at the State street  
church. Annual reports from the  
officers of the society will be heard.  
The ladies of the church will serve  
the banquet and several of the mem-  
bers will respond to toasts. Ad-  
dresses will be made by Dr. George  
T. Palmer of Springfield and Prof.  
W. W. Ernest of Champaign. Two  
men prominent in this section of the  
state in the fight against consump-  
tion, Prof. Ernest is the secretary  
of the anti-tuberculosis society of  
Champaign and the superintendent of  
the schools of that city. Dr. Pal-  
mer is noted for his work in pro-  
moting the cause in Springfield. He  
has made the society of that city  
among the largest in the state.

The tickets, which will sell for 35  
cents may be obtained at the office  
of Dr. A. L. Adams or at the free  
clinic in the King building. The pro-  
ceeds of the supper will go to the  
Anti-tuberculosis society. Members  
with unpaid dues are requested to  
settle up with the treasurer, E. E.  
Crabtree, at the Farrell bank, as  
soon as possible.

### HAD MANY CONVERTS.

According to reports from Wilkes  
barre, Pa., Rev. William A. Sunday  
had a big revival, there with 10,000  
converts. A large contribution was  
accorded the evangelist.

Oh! You roasted Jumbo peanuts

**MISSION WORK NOT ENDORSED.**  
The Rev. W. L. Dorgan, of the  
First Baptist church makes the fol-  
lowing statement regarding the cir-  
culation of a subscription paper for  
the establishment of a mission in  
the northeast part of the city:

"The whom it may concern—A sub-  
scription paper is being circulated  
in the city in which an appeal is  
made to those interested in the Ba-  
ptist cause to aid in carrying on a  
mission work in the northeast part  
of the city. I desire to say with  
this is not in any way connected with  
the work of the Baptist church nor  
has it appeal any sympathy or en-  
dorsement from us.

W. L. Dorgan,  
Pastor First Baptist Church

### INTERNATIONAL LEAGUE RACE STARTS

Providence, R. I., April 16.—The  
race for the championship pennant  
of the International league (form-  
erly the Eastern league) began to-  
day with games scheduled in Balti-  
more, Newark, Jersey City, and  
Providence. The champion Toronto  
team was programmed as the op-  
ponent of Harry Smith's players at  
Newark, while Jersey City had the  
Buffalo team as its guests. Rochester  
opened at Baltimore and Montreal  
in Providence.

This is the twenty-second season  
of the International league, which  
was organized as the Eastern league  
in 1892 and continued under the old  
name until last season. Twenty-  
one cities have held franchises since  
the organization, as follows: El-  
mira, Utica and Yonkers, one sea-  
son; Albany, Binghamton, Erie and  
Troy, two seasons; Hartford, three  
seasons; Scranton and Worcester,  
four seasons; Wilkesbarre, six; Bal-  
timore, eleven; Syracuse and Spring-  
field, eight; Newark and Jersey  
City, twelve; Montreal, sixteen;  
Toronto, nineteen; Rochester and  
Buffalo, twenty; Providence, twenty-  
two—the latter being the only club  
that has been continuously a mem-  
ber of the organization.

### RATES TO GULF PORTS.

Chicago, Ill., April 16.—An in-  
teresting phase of the southern rate  
situation with reference to the long  
and short haul will be given an air-  
ing here tomorrow, when Examiner  
Thurteill of the interstate commerce  
commission will conduct a hearing  
on application of the Alabama Great  
Southern railroad and other south-  
ern roads for relief from the pro-  
visions of the law in regard to their  
export rates and all sorts of freight  
from points south of the Ohio river  
and east of the Mississippi to the  
Gulf ports.

These rates do not observe the  
law as the points of origin for  
freights, the rates on articles for  
export to the ports of New Orleans,  
Mobile, Pensacola and other points  
being lower than the rates to inter-  
mediate points.

### NOTABLE CONFERENCE AT RICHMOND

Richmond, Va., April 16.—Every  
organized agency for promoting  
rural advance in the south was rep-  
resented at the formal opening here  
today of the sixteenth annual meet-  
ing of the conference for education  
in the south. The selection of the  
betterment of rural life as the chief  
topic for discussion this year has re-  
sulted in a larger and more repre-  
sentative attendance than marked  
any of the previous meetings of the  
conference. Governor Mann, Mayor  
Ainslie and W. T. Dabney of the  
Richmond chamber of commerce de-  
livered addresses of welcome, to  
which responses were made by Gen.  
Julian S. Carr of North Carolina  
and a number of other prominent  
men among the visitors.

### WOODMEN INSURGENTS MEET.

Des Moines, Ia., April 16.—Iowa  
insurgents of the Modern Woodmen  
of America met in state convention  
here today to name delegates to the  
general convention of the insur-  
gents to be held next month in  
Springfield, Ill. The order now  
numbers 90,000 members in Iowa  
and the claim is made that a large  
majority of these are ready to join  
the insurgent movement in opposi-  
tion to the action of the head camp  
in increasing the rates.

might have been filed against me or  
permit me to face my accusers or to  
be present in person or by proxy  
and examine the witnesses whom he  
summoned against me. Literally  
third degree methods were applied  
to my friends in the weather bureau  
under such penalties that they did  
not dare speak to me and then a re-  
port made to the president that had  
for its object the driving me in dis-  
grace from a service where I had  
had an honorary career for over a  
third of a century.

"I do not believe that the great  
commercial, agricultural, marine,  
educational and labor organizations  
that have known me for nearly  
twenty years as the chief of the  
weather bureau, and who largely en-  
dorsed me for a cabinet place, will  
be satisfied that I have done any-  
thing dishonorable until the light of  
publicity is let in and Secretary  
Houston's Russian-Siberian methods  
give way to American fair play.

"I brand as infamously false the  
intimation that any man in the  
weather bureau has been coerced  
into supporting me for the secre-  
taryship; any man promoted for  
serving me or a dollar of public  
money expended in my candidacy.  
"I worked for the place and  
spent my own money and so did  
many of my friends. Is this a crime  
under the new dispensation of  
things?"

"I shall gladly welcome any in-  
vestigation to which the press is ad-  
mitted; and why limit the inquiry  
to the weather bureau? It has al-  
ways had a clean bill of health  
from every investigating committee  
that has looked into its affairs which  
is something which cannot be said of  
several bureaus in the department to  
which Secretary Houston's methods  
have not been applied."

**Discuss California Problem.**  
President Wilson canvassed with  
Secretary Lane of the interior de-  
partment today the situation that  
has arisen in the latter's native  
state, California, with regard to the  
ownership of land by aliens.

The president and Mr. Lane stu-  
died the two bills now pending be-  
fore the California legislature. No  
comment was forthcoming from the  
white house, but it is believed that  
the measure eventually passed will  
not differ from alien land laws al-  
ready in effect in the District of Co-  
lumbia and territories of the union.  
For this reason there is little hope  
entertained in official circles here  
that the popular feeling in Japan  
will be allayed though it is confident-  
ly expected that the Japanese gov-  
ernment will understand the difficul-  
ties of the situation for the federal  
government and that its basis of  
protest will be removed by the final  
construction of the bills.

**Crane May Go to Russia.**  
Charles H. Crane of Chicago in  
all likelihood soon will be nominat-  
ed to Russia.

Developments today indicated that  
the plan which has just become  
known to have Curtis Guild contin-  
ue as ambassador at St. Peters-  
burg until such time as Mr. Crane  
could arrange his business affairs in  
this country has been somewhat dis-  
arranged by the application of Mr.  
Guild for leave of absence.

Ambassador Guild notified Secre-  
tary Bryan that his health was poor  
and that it was imperative for him  
to have at least two months leave.  
It was granted, but Secretary Bryn-  
stated that he believed a successor  
would be chosen before the interval  
had elapsed.

**SWINE HINTS.**  
(Items Gleaned from Farmers' Cor-  
respondence).

Skim milk added to the alfalfa  
pasture puts that peculiar curl in a  
pig's tail that denotes prosperity.

A good breed of hogs, a good alfalfa  
pasture, plenty of shade and water  
will guarantee good profits this fall.

One of the advantages of swine  
husbandry is that it gives quick and  
reunative returns.

The 300 pound pig at 8 months is  
the masterwork of the feeder. It  
is not a fact that a pig can take care  
of all that he can eat; he can eat  
more than he he can digest, and he  
can digest more that he can use.  
Regular feeding is essential to suc-  
cess, and three feeds a day are bet-  
ter than two. The use of a good  
alfalfa pasture is essential if pork is  
to be produced economically.

The hog consumes more food in  
relation to his weight than any other  
kind of live stock. He likewise pro-  
duces greater returns for the food  
consumed than any other animal  
would produce from the same quan-  
tity of food. Experiment teaches  
that with proper fencing and the use  
of our legumes, preferably alfalfa,  
swine will earn more quick money  
than any animal on the farm. Salt,  
wood ashes and charcoal are good  
things to keep in the hog pastures,  
and a supply of pure water is very  
necessary. —Illinois Farmers' Insti-  
tute.

## Free Demonstration of Armour's Grape Juice

You are cordially invited to call at our store and meet Miss  
Rundell, who is demonstrating ARMOUR'S GRAPE JUICE. Miss  
Rundell will serve you with a sample glass of the delicious bever-  
age and will tell you some interesting facts about the methods of  
making it. A souvenir booklet, "Grape Juice and its Uses," will  
also interest you.

One great Armour Grape Juice factory is located at Matta-  
wan, Mich., and it is a model for its equipment and sanitary con-  
ditions. Another is at Westfield, N. Y.

The uses of grape juice are more numerous as time passes  
along and it will not be many days until it will be known as "The  
Great American Beverage."

Armour's Grape Juice has an individual quality and flavor.  
It is made from the choicest of grapes grown in Michigan and  
New York, localities where the fruit attains the very highest  
quality. Armour's Grape Juice aids digestion and increases ap-  
petite. It is the most delicious of beverages and we want to  
prove the statement.

**SCHOOLS.** Germany does not allow her boys and girls to enter "blind alley" employments if she can help it. The school authorities in securing desirable situations, and are required to attend the continuation schools while employed. There are classes for bakers, butchers, barbers, waiters, painters, decorators, blacksmiths, tailors, cabinetmakers, and in fact for any occupation in which it is practicable for a boy to engage. Even if the boy does aspire to be a skilled workman, but is content to become a street cleaner, house servant, messenger, or to engage in any other form of unskilled labor, he is nevertheless required to spend three years in the continuation school.

In Erfurt and other Prussian cities employers are compelled by law to excuse their employees for the lesson hour without loss of pay, four to six hours a week. Furthermore, the employers pay the tuition fees in these industrial schools, amounting to about \$1.50 per year for an apprentice or \$1 for unskilled workers. The main financial burden is met by the municipality, with some aid from the state. The state makes its appropriation contingent upon compulsory attendance, with the result that compulsory continuation schools are gradually replacing the optional type.

Barmen has a continuation school with an attendance of nearly four thousand. The pupils are divided into 131 classes. There are classes in textiles, lace making, machine tool making, art forging, plumbing, electric installation, furniture and weaving loom making, house carpentry, house painting and decorating, shoe-making, saddlery, upholstery, tailoring, gardening, printing, bookbinding and box making, lithography and engraving, baking and candy making, as well as for butchers, barbers and wigmakers, messengers and helpers.

Instruction in these continuation schools is by no means confined to technical branches. Besides definite vocational training, the pupils receive instruction in certain branches designed to aid them as citizens—civic affairs, trade history and community welfare—in addition to composition and arithmetic based chiefly on the vocational work.

## GIVES GRAPHIC DESCRIPTION OF FLOOD CONDITIONS IN OHIO

Mrs. Samuel Darley Has Interesting Letter From Her Brother, Luther Anderson, Who Lives in Hamilton.

The following extracts from a letter received by Mrs. Samuel Darley from her brother, Luther Anderson, gives a graphic description of the flood conditions in Hamilton, Ohio, and will be of interest to his friends here:

Words will scarcely express the awful conditions here. For loss of property, I don't believe Galveston flood will compare with it, or Johnstown either. However, reports have it that only 500 lives were lost, 100 being here at Hamilton. Several hundred are missing here yet. Both the big and little Miami valleys were flooded. They say Hamilton was hit harder than any of the other towns. It not only got the houses full of water and mud a foot deep, but it took things before it just like a cyclone. Telegraph and telephone poles were snapped in twain as you would break a match in your fingers. Big heavy trains were carried along a great distance. The people ran from their dwellings to the hills and to the tall, strong buildings, thousands being marooned in these buildings several days and nights without food, heat or light. A great many who failed to get away from their homes knocked holes through the top of the house and got on top, only to nearly drown in the cold rain. No one could get to these people. In fact everyone was in similar conditions. Sometimes such houses would float away to almost certain destruction with their human freight.

Hundreds of frame houses were carried along with bridges, cars, etc. The water ran through the main streets of the city at 15 or 20 miles an hour, a skiff being absolutely useless in it. You remember the house on Heaton street where you visited. I expect Heaton street was under thirty feet of water. Brick stores and houses were knocked down. My wife was perfectly safe, having access to the top of Prospect Hill, as our home is about half way up the hill.

But my escape was from the other side of the river where the greatest havoc was wrought. I was among the very few who escaped from the heart of the city. I caught the last train out on Tuesday morning and went to Cincinnati (thirty miles) and could not get back until Saturday morning; then walked seven miles to reach home. I brought a big basket of provisions from Cincinnati and gave a goodly part of it away before I reached home. The people were almost starving that first week, but relief is being given now. There are 12,000 homeless in the city, that is one-third the population, and most of the other two-thirds live in mud bespattered houses not fit for dogs to live in.

Mud! Mud! Mud! You cannot conceive the damage it did. I have seen the contents of well-furnished residences that I would not give \$1 for the entire furnishings. The saved were about all that could be saved and they were all mud and rust. Piano companies piled their pianos in a great heap and set fire to them. The Champion Paper Mill company lost \$1,500,000 by fire and flood. But everyone lost, rich and poor alike, and I look for it to be several years before the town recovers. But the people take their misfortune in good spirit and you hear no complaining where no loved ones were lost. People were glad to come through with their lives, and a smile of gratitude illuminates most of the faces you see.

We have had about a dozen with us (in our home) who lost everything. Our house was out of the water about six feet. It was a terrible suspense for me to be in one place and my wife in another. Neither of us knew whether the other was dead or alive and absolutely no way to get word to each other. You know the business section of the city is on the east side of the river and many of the homes are on the west side. The flood carried out the bridges across the river leaving the people no way to pass, hence the separation of families. Even on the highest streets down town the water was deep enough to drown a person.

**NOW SOLD IN AMERICA** In Less Than Five Years Parisian Sage, the Splendid Hair Tonic, is Sold All Over America. There is a reason for the phenomenal sale of Parisian Sage in the United States during the past three years.

And the reason is plain to all: Parisian Sage does just what it is advertised to do. Ask Coover & Shreve about it. They will tell you that they rigidly guarantee it to cure dandruff, stop falling hair or itching scalp in two weeks or money back.

There is no reason what ever why any man or woman should fail to take advantage of the above generous offer. But one thing that has made Parisian Sage so famous is its peculiar power to turn the harsh, unattractive hair that many women possess into luxuriant and radiant hair in a short time. Women of refinement the country over are using it and it never disappoints.

Sold by druggists everywhere and by Coover & Shreve for 50c a large bottle.

## The Art of Correct Dress

# Have You Seen the New Bulgarian Silks?

To be correctly dressed this season you must give more than ordinary consideration to the embellishments of your costume. Trimmings are gorgeous, in both design and colorings, the latest accepted whim being the Bulgarian Silks. These silks come in such quaint styles and lend so charming a contrast to any dress material as to make them especially desirable.

Buttons are also given a prominent place as an embellishment, and in this article we are prepared to show you some unusually effective styles. The crystal button is one of the new ones, and when you see what a touch of smartness it imparts to the dress you will little wonder at its popularity.

The most effective usage of these new style features are found in Pictorial Review Fashions

The above illustration depicts a classical array of the celebrated Pictorial Review styles. Each week the demand for these patterns increases. They supply a long-felt want.

### MAY ASK FOR RECOUNT IN LIGHT BOND ELECTION

Defective Ballots Cast in Several Precincts May Be Scrutinized—No Charge of Fraud Intended—Mr. Brennan Takes Defeat Philosophically.

On account of alleged inaccuracies in counting the ballots cast in several voting precincts Tuesday, a recount may be asked. There is no suggestion of fraud intended but in several instances it is thought that ballots really defective under the law were counted in. Commissioner Brennan said yesterday that judges in one district had told him of seven ballots which were defective in the way they were marked but which seemed to indicate a desire to vote against the bond issue and were so counted. Several other instances of a like kind have been reported. These ballots it is understood were marked in ways very much like those which were not counted for either side in one of the third ward precincts. The question of asking for a recount will be decided upon later.

Commissioner Brennan in talking yesterday of the defect of the light proposition expressed his regret and disappointment but said he was ready for his part to do whatever could be done now toward securing better lighting facilities. He said that he would be glad to see local company organized to lease the light plant, make the needed improvements and to supply light to the city and to private consumers, with the end in view of paying for the plant out of the returns and then returning the property to the city. A plan similar to this was followed out in Springfield. This idea or any other which will bring light to Jacksonville will be acceptable to Mr. Brennan and receive his aid and meanwhile he says that his department will do the very best possible with the old facilities at their disposal. However the street lamps are in such bad condition that Mr. Brennan predicts that by fall not more than seventy-five will be in service.

### STRIKE IS SETTLED.

Auburn N. Y., April 16.—The largest strike in the history of Auburn was settled tonight when the workers in various departments of the Colombian Rope company, employing 1,100 operatives, voted unanimously to return to work in terms submitted by the company following a joint conference this afternoon. Under the settlement the Union is to recognize a minimum wage established and discharged employees reinstated. Attention is now being turned to the International Harvester company to prevent the removal of twine mill of that company to Germany. It recently declared it would move the mill if its striking employees did not return to work, and the dismantling of the plant and loading of machinery on cars began this week.

Governor Sulzer has intervened to secure the retention of the industry here and developments to day indicated that this is still a possibility as the local offices receive orders from Chicago to "hold all cars."

### THING TRIANGULAR LOVE AFFAIR CAUSE OF TRAGEDY

Chicago, April 16.—Police investigating the mystery surrounding the death of George Dietz, the wealthy tailor found brutally murdered at his home early Monday morning, here of the opinion tonight that love lay at the bottom of the affair. A man and a woman are being sought and it is admitted that the actual murderer has not yet been arrested.

The widow of the slain man became the center of interest in today's developments. Statements made by George Nurnberg, a harness maker arrested last night and questioned by the police regarding his relations with the Dietz family, were to the effect that he and Mrs. Dietz had met several times and that recently they had made a trip together to Highland Park, a suburb. They are said to have been watched by employees of a detective agency hired by Mrs. Nurnberg. These detectives it is asserted, went to Dietz last week and informed him of what they had discovered. Mrs. Dietz when questioned, denied that she had gone to the suburb with Nurnberg or that their relations were anything but friendly. In the last assertion she was corroborated by Nurnberg.

The police intimate that fresh arrests will be made soon.

### NO ELECTION ON FIRST BALLOT.

Washington, April 16.—Count tonight of the ballots cast for president-general of the Daughters of the American Revolution in annual congress here, disclosed that there had been no election, the vote being divided so that no one of the three candidates had mustered a majority. Mrs. John Miller Horton of Buffalo, N. Y., got 519, Mrs. William Cummings Story of New York City 556 and Mrs. Charles B. Bryan of Memphis, Tenn., 103. On the face of the ballots cast 590 votes were necessary to elect. Balloting will be resumed tomorrow.

### STUDENTS RECITAL.

### SPARKS FROM THE WIRE.

LONDON, APRIL 17.—Ten days truce has been arranged between the Bulgarian and Turkish commanders according to Constantinople despatch to the Daily Telegraph.

WINDSOR, ONT., APRIL 16.—Freddie Hicks of Detroit was helpless before Eddie McGorby of Oshkosh in an eight round bout here tonight, the Wisconsin fighter having the advantage of each round by a wide margin.

MEXICO CITY, APRIL 16.—Jimenez, for many months the headquarters of General Orozco, is in the hands of the rebels, according to private telegrams. The rebels are now engaged in a bridge burning expedition to the south.

MEMPHIS, TENN., APRIL 16.—Levee conditions in the vicinity of Beulah, Miss., were critical tonight while from Modoc, Ark., where the embankments showed signs of weakening today under the battering of the Mississippi flood, more encouraging reports were received. Despatches from other points tell of levees holding well.

CHEYENNE, WYO., APRIL 16.—Rev. James A. Duffy, rector of St. Mary's Cathedral here since 1904, was today consecrated bishop of the newly created Catholic diocese at Kearney, Neb.

BELOIT, WIS., APRIL 16.—Miss Vivian Pickett, a school teacher at Avalon near here, drowned herself in Turtle Creek today while despondent. Her parents reside at Warren, Illinois.

ELGIN, ILL., APRIL 16.—Work was begun today for the improvement of the race course of the Elgin Automobile association by which it is hoped to make it the fastest road race speedway of the world.

DEADWOOD, S. D., APRIL 16.—Nearly 1,000 men are fighting forest fires in the Black Hills, south of here. Fanned by a stiff wind the fires have destroyed millions of feet of the best timber in the hills, located about 50 miles south of this city, and much more will be burned before the flames can be checked.

BLOOMINGTON, ILL., APRIL 16.—Mrs. Eleanor Wheeler, aged 86, was burned to death this afternoon at her home near Streator, when her clothing ignited from a fire in which she was burning leaves.

CHICAGO, APRIL 16.—Two men who slipped on fruit rinds and fractured their skulls on the sidewalk, died today at the county hospital. Both were laborers.

### TICKET HOLDERS WILL BE ASSURED OF A SEAT

(Continued From Page One.)

some weeks on the Democratic side of the house of representatives broke into an open fight at a conference of the Democratic members in the house tonight.

By rallying his forces Speaker William McKinley kept the conference from rescinding the authority previously given him to appoint a steering committee. It was the purpose of the meeting to name a committee of a dozen or fourteen members from the floor. At the end of a three hours fight Speaker McKinley again was authorized to appoint the Democratic steering committee.

Representative Browne in his speech following remarks of those favoring party harmony, declared that harmony among the Democrats would never be obtained if the appointment of the steering committee was left to Speaker McKinley.

**Present Minority Report.**

### Favor Semi-Monthly Pay Day.

After a protracted hearing, the senate committee on labor this afternoon voted to report out with favorable recommendation a bill requiring a semi-monthly pay day by all railroads in the state. The committee also held a hearing on the bill fixing an eight hour work day for women but decided to postpone final action until a later date. It appears certain that will bill will be reported out favorably, although it may be amended into a nine hour measure.

### MAY CHOOSE REPUBLICAN.

Washington, April 16.—President Wilson is choosing the postmaster for his home town—Princeton, N. J.—an his choice is likely to be a Republican.

"Chip" Cotterill, now assistant to the postmaster and known to the president since boyhood, is slated for the office. The resignation of the incumbent was recommended in an inspectors report to the department made before the close of the Taft administration.

### RAILROADS IN MISSOURI MUST INCORPORATE.

Jefferson City, Mo., April 16.—Governor Major signed tonight the senate bill which prohibits railroads not incorporated in Missouri from carrying passengers from one point to another within the state. The law is intended to give state courts jurisdiction over railroads suits. In signing the bill the governor explained it applied only to railroads which hereafter would seek to enter the state, not to those already licensed under present laws.

## My Corns Don't Hurt a Bit

Tired, Smelly, Sweaty Feet. Corns, Calluses and Bunions Cured by TIZ.

Send at Once for Free Trial Package.

Say good-bye to your corns the very first time you use TIZ. You will never know you have a corn, bunion or callus, or sweaty, tired, swollen, aching feet any more. It's just wonderful the way the pain vanishes. Rub the corn-hammer it with your fist if you wish—no more pain after TIZ. Doesn't that sound good to you? Doesn't it? Then read this: "The corns on either of my toes were as large as the tablets you make to cure them. To-day there is no sign of corns on either foot and no soreness. It's an up-to-date Godsend."—Sam. A. Hoover, Progress, N. C.

Just use TIZ. It's not like anything else for the purpose you ever heard of. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There are a good many counterfeits of TIZ now, being made by manufacturers who think they can make a little money by fooling people once. Don't fall a victim. You'll have to get TIZ afterwards and they know it, and you might as well get it the first time and save the money on counterfeits. TIZ is for sale at all drug stores, department and general stores, at 25 cents per box, or direct, if you wish. Money back if TIZ doesn't do all it says. For a free trial package write today to Walter Luther Dodge & Co., Chicago, Ill.

## Spring Time Is Blood Cleaning Time

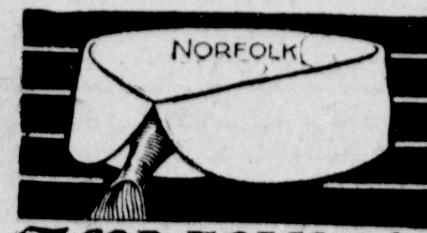

Wonderful How Quickly Your Entire System Awakens When the Blood is Cleaned.

Let S. S. S. Rid You of All Blood Disorders.

If you are down with rheumatism; if you sneeze, feel chilled, are choked with catarrh, have a cough, or your skin is pimply and irritated with rash, eczema, or any other blood disorder, just remember that almost all the ills of life come from impure blood. And you can easily give your blood a good, thorough cleansing, a bath, by using S. S. S. There is no need for anyone to be despondent over the illness of blood impurities. No matter how badly they attack the system, or how unsightly becomes the skin, just remember there is one ingredient in S. S. S. that so stimulates the cellular tissues throughout the body that each part selects its own essential nutriment from the blood.

This means that all decay, all breaking down of the tissues, is checked and repair work begins. S. S. S. has such a specific influence on all local cells as to preserve their mutual welfare and afford a proper relative assistance to each other. More attention is being given to constructive medicine than ever before and S. S. S. is the highest achievement in this line. For many years people relied upon mercury, iodine of potash, arsenic, "physics," cathartics and "dope" as remedies for blood sickness, but now the pure, vegetable S. S. S. is their safeguard. You can get S. S. S. in any drug store, but insist upon having it. And you should take no chance by permitting anyone to recommend a substitute. And if your blood condition is such that you would like to consult a specialist freely and confidentially, address the Medical Dept., The Swift Specific Company, 137 Swift Bldg., Atlanta, Ga.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Mueller, Maryland block Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '09, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

TWO SIZES—50c. and \$1.00.

## ALLEN CHILDREN WERE CARRIED AWAY TO NORTHERN MICHIGAN

Traced By Aid of Burns Detectives They Were Rescued From Couple Who Had Them On a House Boat.

The following story taken from the St. Louis Post-Dispatch tells of a long search made by Mrs. Rose Allen, formerly of this city, for her two children and which with the aid of detectives was successful. Mrs. Allen was formerly Miss Rose Stringham of this city:

"William Abar, 'wealthy' owner of a luxurious houseboat, concealed himself, his wife and two adopted children in the bow of the craft after it had been placed in a freight car for shipment from St. Louis to Detroit and made the 500-mile journey without payment of passenger fare.

"In order to secure air, it was necessary for the man to break out one end of the car, and the railroad officials would like to interview him on this point if he ever returns to St. Louis.

"These and other details of the successful chase of Mrs. Rose Allen of 2728 Washington avenue, in recovering her two children, Lucile and Etta, 8 and 13 years old, respectively, were made public yesterday, upon the return of the mother and her attorney, August Walz, Jr., to St. Louis.

### Photographs Shown.

"Walz exhibited photographs of the children at the time they first were taken from their mother in May, 1911 and contrasted these pictures with others taken at the time they were removed from the Abar houseboat on an uninhabited island between Canada and Michigan. The later pictures show the little girl worn, emaciated and poorly dressed.

"Walz says he paid the expenses of the chase from his own pocket, and promises an upheaval in local juvenile court circles as soon as an investigation of the methods by which Abar gained custody of the girls is fully under way.

"Mrs. Allen left her husband, Wilbur Allen, in 1907, because of his alleged failure to support her. Shortly after the separation he fled suit for divorce. Mrs. Allen filed an answer and crossbill and the case is still pending.

"Walz says Probation Officer Hugh M. Fullerton recommended that Abar be given custody of the children, and told the court the mother was unfit to care for them.

"Mrs. Allen's father-in-law first took charge of the girls and cared for them a few months in his home at Jacksonville, Ill., but turned them over to the court again in November, 1911.

"December 2, 1911, Abar was granted custody of them on Fullerton's recommendation, and December 19, the probate court approved a deed of adoption in Abar's favor, without consulting the mother, Walz avers.

"March 13 last Judge Kinney reversed the previous ruling of the juvenile court and ordered the children transferred to the custody of their mother. Before this order was entered, however, the Abars had departed with the charges and the search began.

### Detectives Traced Boat.

"Walz and Mrs. Allen left St. Louis April 3, and with the assistance of Burns detectives, traced the Abar boat through Detroit and several Michigan towns. Obtaining court writ in Michigan and accompanied by the mother, sheriffs and detectives, Walz started out in a high-power 'scout' boat, capable of a speed of thirty miles an hour.

"Last Wednesday he learned Abar had borrowed some decoys from a man at Mount Clemens, Mich., and he immediately directed the search toward favorite hunting places. He found the houseboat Thursday at Strawberry Island, an uninhabited plot of 150 acres of low marsh land.

"Abar was away hunting when the other boat drew alongside, but his wife relinquished the children when the sheriffs read her the court order.

"The children, separated from their mother for two years, failed to recognize her at first, but welcomed the prospect of returning to St. Louis. Walz does not anticipate further interference from Abar and declares he will ask his immediate arrest if he ever returns to St. Louis."

### GOOD ROADS MEDALS.

A gold medal to the school boy or girl between the ages of 10 and 15 who writes the best composition, not to exceed 800 words, on the repair and maintenance of earth roads, is to be awarded by Logan Waller Page Director, Office of Public Roads, United States Department of Agriculture, Washington D. C. All compositions must be submitted to Mr. Page before May 15, 1913 and the medal will be awarded as soon thereafter as the compositions can be graded. The composition may be based on knowledge gained from books or other sources, but no quotations should be made.

After many years' experience in dealing with the public road situation of the country, it is Mr. Page's belief that ignorance on the subject of repair and maintenance of roads is as much the cause of their bad condition as any other one factor. It is expected that the competition will bring about a better understanding of the subject of repair and maintenance in the rural districts.

Many children living in the rural districts have experienced the disadvantages of roads made impassable through a lack of proper maintenance and it is expected that their interest in the competition will stimulate greater interest among the parents. Bad roads have prevented many children from obtaining a proper education and have even prevented doctors from reaching the side of rural parents in time to save their lives.

### QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Mich., says: "Dr. Dethon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began to use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Allcott, druggist.

### SIGNS OF SPRING.

Cherry trees are in full bloom in some yards, and peach trees are almost ready to burst into bloom as their buds are showing color. Magnolia trees are in bloom all betokening that spring has arrived.

### Are Colds Catching?

It is claimed that most colds are catching as measles and that one should avoid the association of anyone who has a cold. Never permit anyone who has a cold to kiss your child. Avoid crowded cars and poorly ventilated rooms. Then when you take a cold get rid of it as quickly as possible. Chamberlain's Cough Remedy used as directed will enable you to throw it off quickly and permanently. That preparation always cures and is pleasant and safe to take. For sale by all dealers.

### FUNERAL NOTICE.

The funeral of William Kelly will be held Friday at 10 o'clock from Youngblood church, in charge of Rev. Fitzgerald, the Baptist minister.

### BOYS WILL MEET AT COURT HOUSE FRIDAY

Will Discuss Boys' Corn Clubs at Session At Time of Teachers Institute.

The department of rural affairs of the Chamber of Commerce in announcing the Boys' Corn club contest has tried to make the announcement so plain that any boy can understand it. However, if any boy is doubtful about any point or wishes any further information, he can consult any banker in the county or any of the members of the executive committee of the department of rural affairs. They are all interested and will do anything they can to help the boys along. And the U. S. department of agriculture will send bulletins, etc.

Have you thought about the value of the prize? Have you thought about the training offered you? The prizes are big and there are many of them. The first prize winner if he also captures the state championship will win at least three hundred dollars. The boy who goes after the prizes and keeps the reports etc., will get a training worth as much as a year's work in some schools.

The Boys' Corn clubs have succeeded because they are practical. They teach the boys to raise corn, to keep accurate accounts, to select the best corn and to describe their work. The liberal prizes offered are but a small part of the benefits to be derived from the clubs. Every farmer with a son between 12 and 18 should encourage him to enter the contest and help him along as much as possible.

Boys who are at all interested in the matter should remember the meeting at the court house Friday at noon.

### Cured of Chronic Constipation.

"For twenty-one years I suffered with chronic constipation," says C. W. Robinson, of Cordova, S. C. "In May, 1908, it had assumed a more serious form, resulting in indigestion, piles and neurasthenia. Life seemed a burden to me. Two famous physicians and one specialist with all their drastic drugs failed to help me. A friend advised me to give Chamberlain's Tablets a trial, which I did, and am pleased to say two bottles of them cured me." For sale by all dealers.

### HELD RUBBER SOCIAL.

The King's Builders of the Central Christian church held a rubber social at the home of Mrs. J. A. Crum on West North street recently which was attended by about sixty. Misses Mildred Henderson and Lydia DePew were the hostesses and they were assisted by Mrs. J. A. Crum, Mrs. Samuel Hunt, Mrs. R. L. Pyatt, who is president of the society, and Mrs. Ellis Henderson. Games were enjoyed during the evening and three readings were given by Marian Depew, Helen Harney and Mardell McDougall. Two prizes were awarded, one to the one bringing the most rubber, which was won by Grace Campbell, and one in a guessing contest, won by Helen Harney. At the close of a very pleasant evening refreshments were served. The receipts from the rubber will be used for the benefit of the society.

### Widely Used.

Chamberlain's Cough Remedy is one of the most widely used medicines in the market. It is popular in Canada, Australia, and South Africa as at home. This is because it "makes good." You can always depend upon it when you have a cough or cold. For sale by all dealers.

### JUSTICE COURTS.

Fritz Wollner was arrested Wednesday by Deputy Sheriff Todd, on a peace warrant sworn out by his brother, William Wollner. He was arraigned in Squire Dyer's court and placed under bond to keep the peace for ninety days.

### ASK LAW TO AID MUNICIPAL LIGHTING SCHEME.

The commercial club committees in a number of cities have been asked to get busy in an endeavor to secure legislation at Springfield which will enable cities legally to sell electricity for commercial purposes, says the Elgin Courier.

"Without the power to retail current, the proposed city plant will be considerably handicapped, as the commissioners believe that profits from private consumption will make the retirement of the electric light plant bonds comparatively easy. It is proposed to install and maintain the plant out of the profits, without adding an extra cent of burden to general taxation.

"Ex-Alderman George H. Andresen, who is a member, announced today that he will ask the committee to take up the matter at once. Mr. Andresen was a member of the old council which sought to get through similar legislation three years ago.

"Senator A. J. Olson of Woodstock has introduced a bill whose title indicates that it aims at the particular legislation desired.

### PRAIRIE UNION SCHOOL CLOSED.

Miss Mary Ogle closed school Tuesday at Prairie Union and with the parents, friends and children celebrated their annual picnic dinner. The ladies brought well filled baskets and it is useless to mention all the delicacies that were in them, as those ladies are noted for their good cooking. An exceptionally good time was enjoyed.

Among those present were Grandma Allen, Mrs. Frank Greene, Mrs. Homer Cully, Mrs. Julius Strawn, Mrs. Frank Winkler, Mrs. George Hoagland, Mrs. Cook, Mrs. A. Barber, Mrs. Pevey, Mrs. Harve Davis, Mrs. John Carwell, Misses Nellie Greene, Helen Strawn, Nettie Baker, Fannie Boyd, Alice Baker, Helen

### Green, Jesse Allen, Florence Flynn, Lillie Ledford, Nellie Flynn, Mr. Winkler and Mr. Cromwell.

There were about thirty-six children. All departed looking forward to the next annual event.

### A CARD.

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar Compound fails to cure your cough or cold. John Bernet, Tell, Wis., says: "I used Foley's Honey and Tar Compound for five years, and it always gives the best satisfaction and always cures a cough or cold." Refuse substitutes. City Drug Store, J. A. Obermeyer.

### INVINCIBLE CLASS WILL GIVE PLAY

Members of the Invincible class of Northminster church will stage a play "The Course of Sin" at Armory hall tonight. The cast has been carefully chosen and the members have done a great deal of preparatory work and a play of real merit can be expected. Friends of the class and others who know about the play are looking forward to an evening's entertainment of real pleasure.

Rheumatism as a result of kidney trouble, stiff and aching joints, backache and sore kidneys will all yield to the use of Foley Kidney Pills. They are tonic in action, quick in results, curative always. W. S. Skelton, Stanley, Ind., says: "I would not take \$100.00 for the relief from kidney trouble I received from one single box of Foley Kidney Pills." City Drug Store, J. A. Obermeyer.

### THE TEMPERATURES.

The temperatures for Wednesday, according to G. H. Hall, weather observer at Alexander, were: maximum 75, minimum 37.

### MOTORCYCLES TO THE RESCUE.

Necessity sure is the mother of invention. On account of the flooded conditions in Mansfield, O., a motorcycle was used for several hours to furnish the power to operate two of the Mansfield News' linotype machines.

The possibility of making use of this temporary power was realized after William Grabler, a local motorcycleist, had rigged up a motorcycle attachment to pump water in a nearby building after the local water works became flooded. Mr. Grabler then installed a similar equipment connecting with the two machines in the News office. A friction drive was arranged by putting the rear wheel of the motorcycle in contact with the pulley which ran the machines and they were thus operated for the first time this week.

No matter how long you suffered, or what other remedies have failed to cure, Foley Kidney Pills will surely help you. They are genuinely tonic, strengthening and curative, build up the kidneys and restore their regular action. John Velbert, Foster, Calif., says: "I suffered many years with kidney trouble and could never get relief until I tried Foley Kidney Pills which effected a complete cure."

### APPOINTED AGENT FOR ADAMS

Virgil Edwards, who for some time has been employed in the local office of the Adams Express company, has been appointed agent for the company at Falsbury, on the T. & W. out of Peoria. He left Wednesday evening at 5:23 o'clock via the Chicago & Alton to take up his new duties. His position as clerk at the local office has been taken by R. L. Connor and Mr. Connor's position as driver has been taken by Ralph Cowgur.

# DR. PRICE'S Cream Baking Powder

Its superiority is unquestioned  
Its fame world-wide  
Its use a protection and a guarantee  
against alum food

The low-grade powders are made from "alum," or "sodium aluminum sulphate," which is also alum, a mineral acid, which does not make the food healthful.

One pound of the low cost powders contains three ounces of alum, a mineral acid. Is it safe to put that on your pantry shelf along with cans of food ingredients?

Food baked with alum baking powders is found to contain a portion of the alum unchanged.

Read the ingredient clause of label on the can. Unless it shows cream of tartar don't use the powder.

SCHALK AIDS IN  
DEFEAT OF BROWNSSOX CATCHER'S HITTING WAS  
DECIDING FACTOR IN GAME.

Baumgardner Weakens in Ninth Allowing White Sox to Break the Tie—Cicotte Pitches Excellent Ball.

St. Louis, Mo., April 16.—Schalk's hitting was the deciding factor in today's game, Chicago winning 3 to 2.

Cicotte pitched excellent ball for Chicago, while Baumgardner weakened in the ninth, Chicago hitting him for four singles, breaking the tie.

It looked as if St. Louis would tie the score in the ninth when they filled the bases with none out, but a fast double play by Rato, Weaver and Borton cut the rally short after one run was scored. Score:

INDIAN RECRUIT PITCHER  
HOLDS CARDINALS SAFE

Reds Win Their First Game of the Season—Cards Gather Only Three Safe Hits.

Cincinnati, O., April 16.—Cincinnati uncovered what appeared to be a promising recruit today when Johnson, an Indian pitcher, held St. Louis to three scattered hits and the locals won for the first time this season by a score of 5 to 0. Score: St. Louis . . . 000 000 0—0 3 4 Cincinnati . . . 023 000 0—5 9 0 Batteries—Perritt and Wingo; Johnson and Clark. Game was called at end of seventh inning to allow Cincinnati team to catch train for Pittsburgh.

**CHICAGO DEFEATS IOWA.**  
Chicago, April 16.—The University of Chicago nine defeated the University of Iowa team today 13 to 7. The cold weather kept down the speed of the players and it took two hours to get through with the featureless game. Chicago . . . 13 11 5 Iowa . . . 7 8 3 Batteries—Carpenter, Baumgardner and Mann; Ingram and VonLacken.

**ILLINOIS DEFEATS INDIANA.**  
Champaign, Ill., April 16.—The University of Illinois defeated the University of Indiana in a loosely played game here today, 9 to 5. Johnson's wildness in the second inning enabled Illinois to score 7 runs. The score: Illinois . . . 070 200 00—9 9 7 Indiana . . . 021 000 200—5 8 2 Batteries—Larson and Fletcher; Johnson and Schultz.

**WISCONSIN ENTERS TEAM.**  
Des Moines, Iowa, April 16.—Rebated entry of the Wisconsin four-mile relay team for the Drake carnival was received here today. The team for the Drake carnival was received here today. The team of that school won the event last year, setting the local record.

**MCCARTY GETS DECISION.**  
Philadelphia, April 16.—Luther McCarty, claimant of the white heavyweight championship, was awarded the popular decision by a wide margin at the end of a fast six round bout with Jim Flynn of Colorado, at the end Olympia Athletic Club here tonight. McCarty led throughout the fight and frequently compelled his opponent to clinch to avoid his vicious straight left jab.

NAPS WIN PITCHERS' BATTLE  
FROM DETROIT WITH GREGG IN BOX

Detroit Was Held Hitless Until the Fifth and Had No Chance to Score Until the Eighth.

Cleveland, O., April 16.—Cleveland won today 2 to 1, in a pitchers' battle between Gregg, Cleveland's star southpaw, and George Mullin, whom Jennings sent in to pitch in an effort to take home tomorrow a record of more than one victory. Detroit was held hitless until the fifth inning and not until the eighth did they have a chance to score. Score: Cleveland . . . 000 010 10—2 6 1 Detroit . . . 000 000 010—1 5 1 Batteries—Gregg and Land; Mullin and Stanga.

**WRESTLING MATCH.**

**AT EBENEZER CHURCH.**  
Under the auspices of the Epworth league of Ebenezer church a concert will be given tonight which promises to be an entertainment of special pleasure. The singers will appear in costumes representing various nations.

## HANDICAPPED

This is the Case With Many Jacksonville People.

Two many Jacksonville citizens are handicapped with bad backs. The unceasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest and in the morning is stiff and lame. Plasters and liniments may give relief but cannot reach the cause if the kidneys are weak. To eliminate the pains and aches of kidney backache you must cure the kidneys.

Doan's Kidney Pills are for weak kidneys—thousands testify to their merit. Can you doubt Jacksonville evidence? Fred I. Gibson, 309 Woodland Place, Jacksonville, Ill., says: "I am always glad to endorse Doan's Kidney Pills just as highly as I did in 1909. At that time I suffered from kidney trouble and backache. The pain in my back was severe and when I would stoop over, it was hard for me to straighten. Seeing Doan's Kidney Pills advertised, I got a supply from Armstrong's Drug Store. They gave me permanent relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

## BASEBALL NOTES.

Manager Evers, of the Cubs, has shipped Pitcher Sutcliffe to the New London team of the Eastern Association.

Manager Callahan, of the White Sox, figures that Pitcher Benz is fifty per cent stronger than he was last year.

The Cincinnati Club lost quite a bunch of money by being compelled to cancel exhibition games on account of the flooded condition of the ball yard.

The Athletics' pitching staff looks to be some staff with the youngsters Wyckoff, durning and Bush helping Bender, Coombs, Plank and Brown.

Pitcher George Foster, who is showing his winning ways with the Champion Red Sox, was once with the Browns and last season the star heaver of the Houston, Tex., team.

Wilbur Schardt, the former Brooklyn twirler, is back in the American Association, being a member of the Indianapolis team. Two years ago he was a star with the Milwaukee team.

A number of baseball critics claim that the outfield of the Giants and Athletics are woefully weak. The season is early yet. A little later we will see what we will see.

Bert Annis, who has been in the Central League for the past ten years, first as owner of the South Bend team and later as owner of the Grand Rapids franchise, has retired from the game.

Connie Mack doesn't think that Washington will cut much of a paper in the American League pennant race. Either the Red Sox or the Athletics will attend to the winning stuff this season, according to Connie.

Pitchers "Lefty" James and "Lefty" George are team mates on the Toledo Club of the American Association. These two southpaws will be a great help to the Mud Hens in their trade through the A. A. circuit.

With a bunch of big league veterans including Dave Altizer, Jim Delehanty, Jim Williams, Hobe Ferris, George Browne, Claude Rossman, Roy Patterson and Rube Waddell, the Minneapolis Millers look like an "Old Home Week" ball team.

Perfumed notes and other Lady Bugs will be glad to learn that Speaker, Wood, Carrigan, Gardner,

Nunamaker, O'Brien and Thomas, of the Red Sox Champions are all eligible bachelors who gather such a gob of money every two weeks that it couldn't be planted in two dozen pairs of silk, or lisle, or just plain cotton ones.

**Boxing Notes.**  
Harry Lewis, the American welter who has been living in England for some time, is planning to go to Australia.

Bob McAllister, ex-amateur champion heavyweight of California, and Paddy Slaving will clash in San Francisco April 26.

Promoter Al Lippe says that the match between Al Palzer and Jack Johnson is still on and that the bout will take place in Paris next June.

Many Unsuccessful — And Worse Suffering Often Follows. Mrs. Rock's Case A Warning.

The following letter from Mrs. Orville Rock will show how unwise it is for women to submit to the dangers of a surgical operation when often it may be avoided by taking Lydia E. Pinkham's Vegetable Compound. She was four weeks in the hospital and came home suffering worse than before.

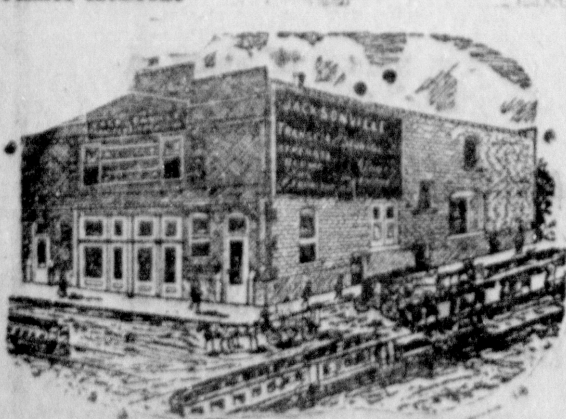

Here is her own statement.

Paw Paw, Mich. — "Two years ago I suffered very severely with a displacement. I could not be on my feet for a long time. My physician treated me for several months without much relief and at last sent me to Ann Arbor for an operation. I was there four weeks and came home suffering worse than before. My mother advised me to try Lydia E. Pinkham's Vegetable Compound, and I did. Today I am well and strong and do all my own housework. I owe my health to Lydia E. Pinkham's Vegetable Compound and advise my friends who are afflicted with any female complaint to try it." — Mrs. ORVILLE ROCK, R. R. No. 5, Paw Paw, Michigan.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

For thirty years it has been the standard remedy for women's ills, and has restored the health of thousands of suffering women. Why don't you try it?

### UNDERTONE OF STOCK MARKET IS STEADIER

#### MARKET SHOWS UNSTABLENESS AND WAS SPIRITLESS.

Stocks Were Depressed at Outset, Recovery Quickly Following—During the Remainder of the Session Prices Fluctuated Within Narrow Range.

(By Associated Press)  
New York, April 16.—Although the stock market was spiritless and unstable today, the undertone was appreciably steadier. Stocks were depressed at the outset, with a recovery quickly following and during the remainder of the session prices moved back and forth within a narrow range, with few important changes. Increased resistance was offered to pressure and most of the stocks which have been noticeably weak recently made a better showing. The petroleum stocks in particular were strong. There was an increased inquiry for stocks at the lower level established by yesterday's trading but the demand was not keen and fell off when quotations advanced. Speculative conditions were virtually unchanged and on neither side of the market was there a disposition to take the initiative. Trading fell off and at intervals during the middle of the day the market was at a standstill. Copper shares were heavy at times, despite the report that the leading selling agencies had advanced the quotation for refined metal to 15%. In the steel and iron trade, it was said that some branches were showing indications of slowing up although the effect of the floods in the central states, according to the Weekly Reviews of trade authorities was less than had been expected.

### EXPORT SITUATION STRENGTHENS WHEAT

#### GREAT DEAL OF BUSINESS DONE BY SEABOARD IN HARD WINTER WHEAT.

Fact That For the First Time on Record May Wheat Sold Higher in Winnipeg Than in Chicago Also Increased Belief in International Strength of Wheat.

(By Associated Press)  
Chicago, April 16.—Strength was imparted to wheat today by the export situation, net gains of ¼ to ½¢ being recorded. Corn closed irregular, a shade lower to ¼¢ up. Oats made a net advance of ¼ to ¾¢. Provisions were irregular, 10¢ lower to 15¢ higher.

It became known today that a great deal of business in hard winter wheat was done on yesterday's dip by the seaboard chiefly, Baltimore taking upward of 500,000 bushels here. Before the export situation became prominent in the day's gossip the market had shown strength on the higher Liverpool cables based on improved continental demand. The fact that for the first time on record May wheat had sold yesterday in Winnipeg higher than in Chicago also increased belief in the international strength of wheat. The wheat was on the upgrade all day with exception of a temporary setback on liquidation early in the session. Primary receipts of wheat today were 359,000 bushels against 236,000 bushels last year. Seaboard clearances of wheat and flour equalled 98,000 bushels. Selling pressure sent May corn down a little but the deferred options were fairly firm. Bull leaders sold early but bought on the dip. Covering by shorts gave strength to oats after some early weakness.

Provisions, especially pork, had a weak undertone on increased western holding run. Pork finished the day at losses but lard and ribs were some higher on packing house buying.

## CENTRALIZED AUTHORITY IN ROAD BUILDING DISCUSSED

Illinois Association Maintains that Such Supervision is Necessary to Secure Proper Expenditures.

The following argument for centralized authority in road building is advanced in a bulletin just issued by the Illinois Association of Highway Improvement.

Terminal points are the really important factors in determining the value of a good road to a community or to a state. A good road that binds the matter of roads to those living along it, and of envy to those who do not; but its practical value must be determined by the condition of the highways which connect the improved section of road with the city or other center where the commercial interests of the community converge.

It is not unusual, in several different states, to find isolated sections of brick, or macadam, or gravel roads which have been constructed sometime in the past by the local authorities with the expectation that the adjacent township would continue the improvement to the county seat, or to whatever center it was desired to reach. Indiana and Iowa especially abound in such "patches"; and in either of those or any one of many other states money enough is spent annually to establish a good highway system in the course of a few years, if it were administered properly.

It was only after several years of struggle that New Jersey, which was first to adopt state aid, was enabled to so direct the location of state aid roads that they would connect at county lines and form through routes.

In the early history of the state aid nearly all the states met with the same difficulty. In more recent laws this difficulty is obviated by making the location subject to the approval of the state highway department. The new state aid laws of Wisconsin (1911) is a conspicuous example in this respect. It recognizes the importance of locating the roads designed for improvement so that county seats, large centers of population and other important points can be reached by continuous roads. Without a central authority this result could not be effected.

With state aid and state supervision of road and bridge construction a much higher grade of work is secured than when the contracting and supervision is left to the county or township. Contractors who might take advantage of inexperience county or township officials would rarely attempt to deceive state engineers either in their bids, the workmanship, or the quality of materials furnished.

It is the business of a state highway department to make a study of whatever road materials there may be in the state, and by careful and thorough tests determine the value of each from a standard of actual usefulness in a given locality. Gravel, where good gravel is plenty, might be used more economically than broken stone. The state highway department should have facilities for testing all kinds of materials so as to determine which would be the cheapest in the long run. Not all kinds of stone make good roads, and it is the duty of the engineers of a state highway department to prevent the expenditure of public funds for roads built of improper materials.

In fact, every conceivable factor involved in the betterment of the roads of any state rests upon the primary importance of a central highway authority such as would be vested in a state highway commission or commissioner.

And what applies to a state in this respect is equally applicable to the nation as a whole, which in years to come is bound to supplement and enlarge the work of the state.

## BANKERS WANT PROTECTION.

Memphis, Tenn., April 16.—Uniform bills of lading and protection from malicious gossip are two favors to be asked by the bankers of Tennessee of the legislature. At the opening session of the annual convention of the Tennessee Bankers' association here today committees were appointed to draft bills covering the features and an effort will be made to have them presented by some member of the legislature. The bankers declare that the present system of bills of lading permit of the perpetration of many frauds, while two "runs" on banks have been caused recently by the circulation of false rumors. At present there is no direct way of punishing such an offense.

## No More Constipation

It's Me for Olive Tablets!

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and Calomel's old time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing laxative.

No gripping is the "keynote" of these little sugar-coated tablets. They cause the bowels and liver to act normal. They never force them to unnatural action.

Dr. Edwards' Olive Tablets are so easy to take that children do not regard them as "medicine" at all.

If you have a "dark brown mouth" now and then—a bad breath—a dull tired feeling—sick headache—torpid liver and constipated, you'll find quick, sure and only pleasant results from one or two little Olive Tablets at bedtime. They're perfectly harmless.

Thousands take one every night just to keep right. Try them.

"Every little Olive Tablet has a movement all its own." 10c and 25c per box.

The Olive Tablet Co., Columbus, O.

## CLOSE OF ALBERTA CAMPAIGN.

Edmonton, Alta., April 16.—The people of Alberta will vote tomorrow as to whether the Sifton administration shall be continued in power or be replaced by the Conservative party under the leadership of Edward Michener. Today the leaders, the candidates and the papers are making their last appeals to the electorate.

The contest, which was actively begun less than four weeks ago, has been carried on with an energy and enthusiasm commensurate with the importance of the issues involved. It is a desperate struggle for the control of the province. Practically the only issues involved in the first are of a provincial character. Nevertheless, the results are expected to have an important bearing on federal politics. The overthrow of the liberal government in what has always been regarded as a liberal stronghold would be hailed with delight by the Conservatives of the entire Dominion, who would regard it as a good omen with reference to the general elections which may take place at no very distant date.

## Saturday's Special Picture Feature

"Red and White Roses," a vitagraph special picture in two reels will be Saturday's feature.

"Morgan Andrews is nominated for governor. He is engaged to an ideal woman. She is noted for her generosity and idolized for her philanthropy. His private secretary, Ralph Clark, is a material aid to Morgan Andrews' popularity.

Martin Murray, the leader of the opposition, induces his sister, Lida de Jean, a famous actress, to enter into a plot, feeling certain she will bring Andrews to her feet. He pays court to her and sends her a bouquet of red roses. Beth Whitney lives in the same apartment hotel as Lida, their rooms being directly across the court from each other. Andrews favors Miss Whitney with white roses whenever he visits her indicative of purity and sincerity. While visiting Miss Whitney, he sees Lida at the window of her apartment opposite, and irresistibly he is led to look upon her in all her radiant beauty. A page enters and hands him a letter from Lida, re-questing him to see her immediately. In opening the letter, he drops the envelope. After he is gone, his fiancée picks up the envelope and discovers that the handwriting is a woman's. After visiting the adventuress, he returns to Miss Whitney's apartment. She tells him frankly that she will break her engagement with him. He impudently tells her that the breaking of the engagement means the ruin of his career. He leaves, and later she writes saying, "Since the success of your career means so much, I will remain engaged to you until after election." Lida reports her progress to her brother. Lida has grown fond of Andrews, and will not now sacrifice his career by carrying out her brother's wishes. Then follows at story of great interest.

## MORTUARY

## Hicks.

Funeral services for W. H. Hicks were held Wednesday afternoon at 4 o'clock at the Gillham undertaking establishment in charge of Rev. H. H. Mitchell, pastor of the Trinity Episcopal church, in the presence of a large number of relatives and friends. Frank Read acted as interpreter. There was an abundance of beautiful flowers, which were cared for by friends.

Interment was made in Diamond Grove cemetery and the bearers were: Ernest Tilton, John Harper, William McLain, Philip Jacoby, Earl French and Alfred Anderson.

## Kelly.

William Kelly, died Wednesday afternoon at 2 o'clock at the family residence in Nortonville, at the age of 70 years. He had been ill for some time with a complication of diseases. For over 40 years he had been a resident of that community. He married Mary Edwards, daughter of the late Hardin Edwards, who survives him, also the following children: Edward Kelly of Jacksonville; Warren, Curtis and Mrs. John Smith of Nortonville and Mrs. Jess Story of Franklin and Mrs. Joseph Fanning, Jacksonville. He also leaves one brother, Milton Kelly of this city and two sisters, Mrs. Dobson of Franklin and Mrs. John T. Harney of Jacksonville.

The funeral will be conducted Friday morning at 10 o'clock, from the Youngblood Baptist church and interment will be made in the Youngblood cemetery. The bearers will be Messrs. W. T. Henry, Dr. Charles Waters, August Seymour, David Willson, Walter Newby and Raymond Campbell.

## Halley.

Mrs. Harvey D. Halley, who has been ill for some time and a patient for several days at Our Savior's hospital, died at the hospital Wednesday evening at 6 o'clock.

Her maiden name was Nancy E. Henderson, and she was born near Wheeling, West Virginia, Feb. 7, 1841, being at the time of her death 72 years, two months and nine days of age. She was married to James T. Henderson August 23, 1869 and he passed away Jan. 26, 1903. She was married the second time to Harvey D. Halley, April 25, 1907, who survives her. At the time of her former marriage she made her home in Aremville but the past six years had been living in Concord. Mrs. Halley is also survived by one brother, David Henderson of West Virginia and two children whom she raised, both of whom are now married. Mrs. L. E. Brainer of Jacksonville and Mrs. J. Arthur Wood of near Aremville. Mrs. Halley was a member of the Methodist Protestant church and a woman of kind heart and kindly spirit.

The remains were taken to Williamson and Cody's undertaking parlors and this morning will be sent to Concord via the Burlington at 11:22. The funeral services will be conducted Friday morning at 10:30 o'clock from the M. P. church in Concord, in charge of Rev. Mr. Reed and Rev. Mr. Housman. Interment will be made in Aremville cemetery.

CHANGING LETTERING STYLE. According to an order issued by President B. A. Worthington of the Chicago & Alton, instead of spelling out the words, Chicago & Alton on the freight car equipment, all cars going through the shops and new cars will be lettered "C. & A. Ry."

Not only is there economy in this style but it is easier for the car checkers and trainmen generally to catch the initials in checking up their train. This is true especially at night when it has been necessary to walk the length of the car to tell the name of the company.

## POINTS TO DANGERS POSSIBLE IN UTILITY COMMISSION BILL

Committee Representing Commission Government Cities Issues Letter—Says Proposed Law Might Aid Either People or the Interests.

The legislative committee for the Association of Commission Form cities of Illinois, has issued a letter addressed to all commissioners in cities under this form of government. The letter urges upon the officials the need for informing their senator and representatives their views as to a public utility bill. It is stated that several utility measures are now before the legislature and that one of them will likely be passed. Further it is emphasized that any bill of the kind may afford protection to the people or it may be drawn in such a way as to take away from the people the real rights of making rates and terms with utility companies doing business in their localities. Along with the letter is a copy of the resolution passed at the convention of the Association of Commission Form cities. Both documents are worthy of perusal. The letter is signed by W. J. Spaulding of Springfield.

Dear Sir:

Letter to Commissioners.

The election of United States senators is settled and the legislature at Springfield is now ready for work. Several bills providing for the control of public utilities of cities by a state commission have been introduced. It is expected that some bill will pass. This is the most important and far-reaching class of legislation that has come up for many years. The issue that is to be met is not a new one. It is the same old fight between special privilege on the one hand and the common welfare on the other. State commissions may be a bulwark for and a protection to private monopoly, or a protection to the people, according to the kind of a law that is passed. The effect of the law as adopted in some states is to strip the cities of practically all self government relating to public utilities, taking away from the people and the local governing officials of a city the right to have any voice in the regulating or establishing any rules as to the character, quality, or safety of service, taking away the right of cities to operate municipally owned utilities in competition with a private company already established. Such a bill is dangerous. It means that the grip of private monopoly will be tightened. It means a perpetual franchise to the company that may happen to be on the ground first which will raise still higher the value of their already inflated securities.

Those who consider this matter important should act promptly. This subject is new to most members of the legislature. Many members are sincerely inquiring for information, opinions and ideas on which to base a judgment before committing themselves to any bill, and a letter from you to the senator and representatives from your district would do a world of good. Let them know that you are in favor of a bill along the lines set out in the resolution attached hereto.

In a short time the committees of the senate and of the house will be holding hearings on these bills. You can depend on it that private utility interests will be well represented. We must see to it that the cities are also well represented. We will try to keep you advised of the dates on which these hearings are set. Can you come, or delegate your city attorney or some other person to be here on the ground at one or more of these hearings.

The Resolution. "Whereas, There exists a lack of adequate provision for the regulation and control of the services and rates of the various public utilities operating within this state, which will, in all probability, be met by the enactment, at the next general assembly, of a statute providing means therefor; and,

"Whereas, It is our belief that such legislation should be designed to empower and assist the cities of this state in the proper regulation of their local public utilities, rather than to place arbitrary power over local city affairs in the hands of a state commission; therefore, be it

Resolved, That it is the sense of this convention that each city of this state should have and exercise full power of reasonable regulation of rates and character of services of its purely local utilities; and be it further

Resolved, That the powers of a state public utility commission should be confined to those operating generally throughout the state, together with the power to establish for both these classes of utilities a uniform system of accounting, requiring annual reports giving in proper detail all necessary data; power to control the issuance of securities in such manner as to validate former issues not approved by the commission all of which information should be matters of public record; and, be it further

Resolved, That we are unalterably opposed to the granting by the legislature to any state board, commission or officer the power to interfere with, regulate or control the operation, rates or services of any local utility except by invitation of the local authorities."

Mrs. W. C. Green is quite sick at her West State street home. She has been confined to her room for a week or more.

## MATRIMONIAL

## Carey-Boyer.

The marriage of Henry Carey and Mrs. Nettie B. Boyer took place Wednesday afternoon, Justice of the Peace, W. E. Thomson officiating. The groom is a farmer and both young people are from Grafton, Ill.

## Lewis-Few.

Allen B. Lewis of White Hall and Miss Bernice Few of Roodhouse were married Wednesday afternoon at 2 o'clock at the parsonage of the First Baptist church, the pastor, Rev. W. L. Dorgan officiating. They were attended by Leslie Few and Miss Grace Strawnatt. The groom is a hardware merchant of White Hall and the young people expect to make that place their home.

## Newman-Reese.

The marriage of George Newman Jr., and Miss Lennie Reese was solemnized by Rev. Clyde Darsie, pastor of the Central Christian church, the ceremony taking place at 2 o'clock Wednesday afternoon, witnessed by Miss Sarah Reese, a sister of the bride, and Charles Henry, a brother of the groom.

The bride is the daughter of Mr. and Mrs. Henry Reese and has been teaching school in the county. The groom is the son of Mr. and Mrs. George Newman, Sr., both young people residing east of Woodson, and they expect to make their home on a farm in that community.

TITANIC OR TUBERCULOSIS. Suppose the people who went down with the Titanic, had died one by one during the year, no mention of it would be made.

It was the sudden drawing of so great a number at the one time that shocked us and the world stood aghast.

Let us suppose that all the people of Morgan county who died during the past year had died to day. We would consider it a greater calamity than the tragedy of the Titanic.

We would be horrified beyond measure and would every one determine to do what we could to prevent such an occurrence again.

One death in ten is our record in Morgan county from tuberculosis. Isn't that alarming when we think of it.

The efforts of the anti-tuberculosis society in Jacksonville is a step in the right direction.

### PLAN TO LAY SIDEWALK TO DIAMOND GROVE CEMETERY

Village Board of South Jacksonville Will Ask For Assistance in the Project—Other Business Transacted.

If the plans work out which the Village Board of South Jacksonville has in view, a board walk, four feet wide will be constructed to Diamond Grove cemetery. Action was taken, on the matter at an adjourned session of the board Wednesday evening. A n ordinance has already been drawn up for the construction of a side walk on Greenwood avenue from South Main to Diamond street. The Board intends to get as many donations as possible from those who would like to see the walk continued to the cemetery, and those who wish the contribute may do so to the clerk, John R. Hill.

All members were present at the meeting last night and the regular routine of business was transacted. An order was made for an ordinance covering a side walk to be laid from Greenwood avenue to the Vandalla road on Jones avenue (South East street). The street and Alley committee reported the grading of South Diamond street from Michigan to West Greenwood, considerable of the work already having been accomplished.

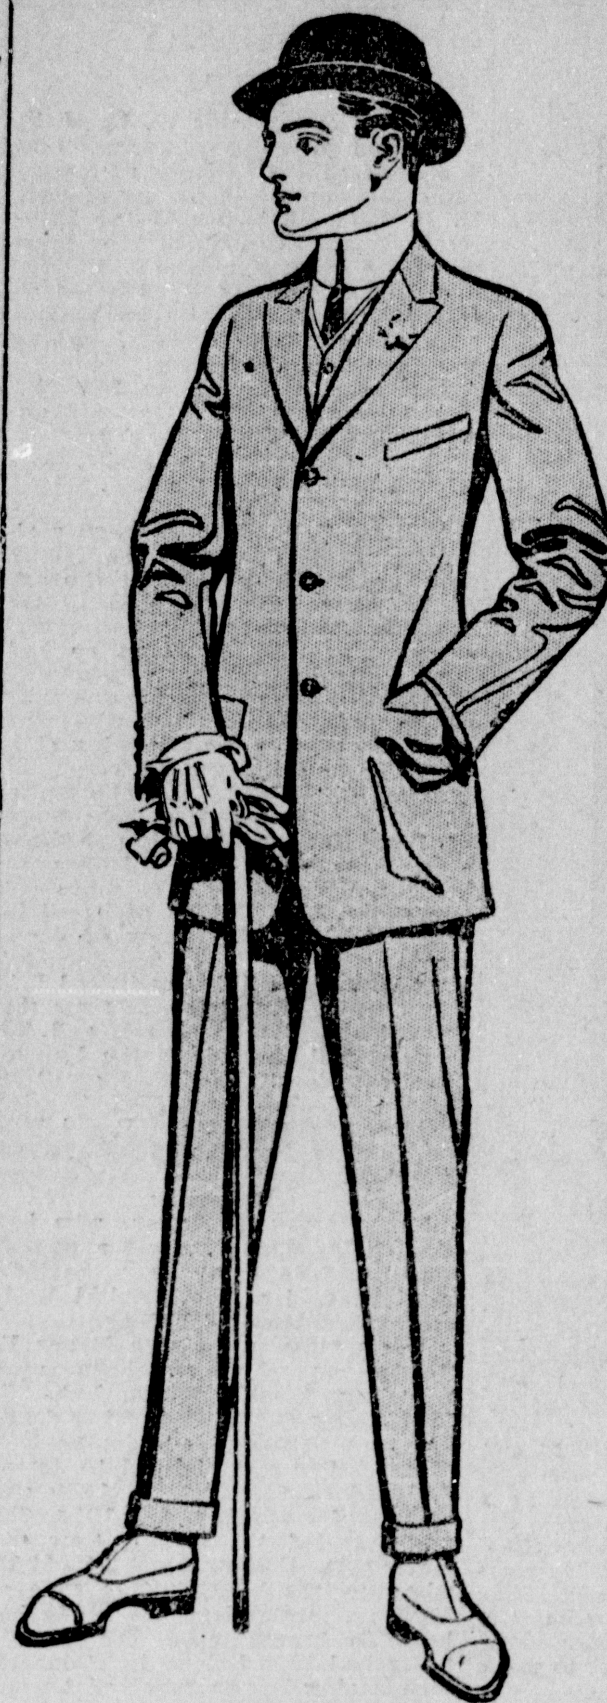

A canvass was made of the election returns of Tuesday and they were found to be as formerly announced. The next meeting will take place April 30.

### WOMEN DREW FOR SUIT.

Hundreds of women customers of the Montgomery & Depepe store thronged the store at three o'clock Wednesday afternoon to be present for the suit drawing which had been extensively advertised. For a certain period numbers have been issued with purchases and it was stated that the holder of the lucky number would be entitled to a fine spring suit absolutely free. Miss Martha Hoffman was fortunate in holding No. 644 and so was awarded the suit. Miss Hoffman who of course had no special thought of "winning" sent her ticket up by Mrs. C. W. Home. Had Miss Hoffman been present at the drawing she would have been entitled also to \$2 worth of merchandise. The boxes containing the numbers were held by Miss Hinrichsen of the Courier, who explained the plan to be followed in drawing. Then the numbered slips were drawn by I. M. Bunce of the Farm and a representative of the Journal.

### SUFFERED LOSS OF FINGER.

William Hobbs, who lives in the vicinity of Franklin, suffered the loss of the fore finger of his left hand Wednesday evening at 4:30 o'clock. He is employed by the C. B. & Q. railroad and accidentally got his hand caught in the pulley of a cable. He was taken to Franklin where his injury was dressed by Dr. F. H. Metsall.

### WILL ORGANIZE BAIL CLUB.

Local Order of Eagles Will Arrange Schedule With Out of Town Teams.

At a meeting of the local Aerie of Eagles held Wednesday evening a committee was appointed to arrange for a ball club for the coming season. It is the intention to arrange a schedule with a number of out of town teams. At the meeting last evening six applications for membership were acted upon.

### WAS CHARGED WITH STEALING POCKET BOOK.

Harry Oliver colored, who has been a resident of Jacksonville about a month, was a prisoner in the city jail for a few hours Wednesday. Shortly after he had been in the Cannon plumbing establishment on South Main street, Mrs. L. J. Cannon missed her hand bag which contained some money. She ran out of the store and halted the man who was in company with another man in a wagon. He denied that he had taken the purse and returned back to the store to further plead his innocence. Some one suggested that they go over the route the man as he left the store and the pocket book was found under an old umbrella cover, which had been discarded. Chief of Police Davis was called and Oliver was given a good questioning but said he didn't take the purse. Mrs. Cannon did not care to prosecute, after securing her pocketbook, so the prisoner was released.

### TELLS OF HEROIC RESCUES.

A recent issue of the Piqua, Ohio "Call" contains a letter from one of the survivors of the flood at that place, telling of some heroic rescues of persons marooned when the floods were raging. Among rescuers referred to in the letter is Leslie Reed, who is a nephew to J. F. Self of this city. It stated that Mr. Reed and Bob Shaughnessy went after a marooned family making two trips in a boat and that they did great work until early morning when Reed was forced to quit on account of a sprained wrist. The current at that time was very swift and the boats continually came into contact with trees and floating objects, making the work of rescuing people doubly hazardous.

### SUIT AGAINST CITY.

Notice was served yesterday upon R. L. Pyatt, city clerk that a suit has been instituted against the city by W. E. Stout, on account of personal injuries alleged to have been caused by a defective sidewalk on Sheridan street. It is stated that on the night of Nov. 5, 1912, that Mr. Stout sustained a bad fall because of the walk. His attorneys are J. Marshall Miller and W. N. Haingrove.

### PRESBYTERY CLOSES WORK IN SPRINGFIELD

Commissioners and Alternates Are Appointed to General Assembly Meeting at Atlanta, Ga.—Tribute Paid to Dr. T. D. Logan—Jacksonville Churches Represented.

At the meeting of the Presbytery in Springfield, which closed its two days sessions Wednesday, the following were elected clerical commissioners to the approaching meeting of the general assembly at Atlanta, Ga.: Rev. Dr. W. H. Penhullon of Decatur and Rev. A. E. Taylor of Greenville; alternates, Rev. E. C. Pires of Taylorville and Rev. J. J. Wilson of Virginia, lay commissioner; President A. E. Taylor of Millikin university, Decatur, and Mr. Bone, Alternates, Fred S. Brown of Springfield and William Clifton of Woodson. This meeting will be notable also because two other Presbyterial churches will hold their assemblies in Atlanta at the same time.

Rev. Dr. A. G. Bergen of Decatur was chosen Moderator of Presbytery at the evening session on Tuesday. His selection was remarkable and fitting in this place, because Rev. J. G. Bergen, a relative if not ancestor of the moderator, was the first pastor—in 1828 of the First Presbyterian church of Springfield. It is creditable to this particular church that, in its nearly ninety years of existence, it has had but six pastors.

**Honored Member of Presbytery.**  
Among the ministers present at Presbytery was the Rev. Dr. S. M. Morton. Mr. Morton became a member of Springfield Presbytery in 1874 and left it for another in this state in 1890. He later on went into the Synod of Indiana. Last fall he returned to Taylorville, to be with some of his children, and this brought him back into this Presbytery, of which he probably dates back as the oldest member. Dr. Morton is now "honorably retired," having resigned at Mitchell, Ind., last year.

**Pathetic Incident of Meeting.**  
One of the most interesting as well as pathetic incidents of the meeting was the resignation of the Rev. Dr. Thomas D. Logan of Springfield First church in which the meeting was held. Dr. Logan came to Springfield as pastor 25 years ago and last fall suffered a break-down which necessitated his withdrawal from his lifelong work.

He was one of the finest men and ablest preachers in the whole Presbyterian church and had been especially active as a member of the committee on home missions for years past. The proceedings of Presbytery regarding Dr. Logan included the action of his church accepting his resignation with resolutions of regret and sympathy, and best of all, the church pledged \$100 per month for the coming year to Mr. Logan and his family. This was a noble and creditable act on the part of the congregation. Presbytery, in acting upon the resignation took more than the usual part in such cases, and tributes from co-presbyteries were given of the respect and love felt for Dr. Logan.

The Jacksonville lodge No. 570 A. F. and A. M. will hold a stated meeting tonight at 7:30. A cordial welcome to visiting brothers.
